

Water Analysis Request Form

Company/Client Name:

Contact Person: Email:

PO: Date: Tel:

Please select: One test report per sample Tests can be grouped into one report

Analysis interpretation Yes No

Packages	Options	Volume Required	Please select required analysis	Water Source/Sample description	Sample Number
Effluent Water	IPW/DWS	250 mL			
	DWS - River Disposal	500 mL			
	Fat, Oil & Grease (Optional Extra)	1L			
Irrigation Water	DWAF/IPW	500 mL			
	Chemical	500 mL			
	Microbiological	250 mL			
	Chemical and Microbiological	500 mL			
	GlobalGAP	500 mL			
Drinking water	Potability - Chemical	750 mL			
	Potability - Chemical and Microbiological	750 mL			
	SANS 241 - Chemical	750 mL			
	SANS 241 - Chemical and Microbiological	750 mL			
	Full SANS 241 incl. parasites and organic determinands	3 L			
	GlobalGAP	750 mL			
	Microbiological	250 mL			
	WIETA	250 mL			
Industry Related Packages	Bottled water (SANS1657)	1 L			
	Swimming pool + Corrosion	750 mL			
	Car Wash Water	750 mL			
	Industrial - Effluent	750 mL + 1L for Fats			
	Cooling Tower Water	750 mL			
	Suitability of water for concrete production	500 mL			
Any water type	Please specify required analyses, the volume needed will depend on the tests				

Do you need a report to specification as per our procedure, VIN-25: Reporting statement of conformity and decision rules? Decision rule is based on ILAC/G8 Binary Statement with Guard Band. Please select one of the below options;

[N/A] [No] [Yes]

Please note:

Drinking water SANS241
The following parameters are **not included** in our SANS241 package: Odor & Taste

Bottled water SANS1657
The following parameters are **not included** in our SANS1657 package: Organic matter, O2 absorbed, Surface active agents
